PRODUCTION

- 7- A titre d'exemple , voici le témoignage de Yu-Min-Wen de Taiwan :

" I think it's good for teens to get part-time jobs because they can learn how to concentrate on their work. Also, they can learn how to interact with people they work with and how to save money. So, why not give teens a chance to learn the things they can't learn from school or family. I think getting a part-time job is better than hanging around all day long.
